Local Service

Our aim is to render a service that will be helpful and pleasing to our customers. We realize that difficulties will sometimes arise despite all our efforts to avoid them. If, at any time, the difficulties are not promptly and satisfactorily corrected, we shall appreciate it if you will communicate the facts to the Manager.

Telephone Habits. When you lift the receiver of your telephone, you are about to meet someone—to engage in a conversation as important as a personal visit. Thoughtfulness, courtesy, and friendliness are three simple telephone habits which will make friends.

Obtain the Correct Number. Please obtain the telephone number from the current issue of the telephone directory. For new numbers not yet listed, call "Information."

Giving the Telephone Number. Give the number to the operator distinctly, one figure at a time, as for example:

> **Two-Oh—One-Three for 2013.** When the figure "0" appears in a number, it should be pronounced as "Oh."

Wait for the Answer. When you place a call, it is important that you allow sufficient time before you decide that no one is there to answer.

Answer Promptly. Answering your telephone promptly will secure you better service and avoid abandoned calls or other attempts to reach you. Time is saved by identifying yourself, your Company or your Department immediately.

Speak Naturally. Hold the mouthpiece of the transmitter in front of and close to the lips. Pronounce your words clearly and speak in a natural conversational tone.

Stay on the Line. Having answered a call, do not leave the line without telling the person calling that you are leaving.

To Recall the Operator. If you wish to recall the operator at any time during the connection, press down and release the receiver hook slowly four or five times and wait for her to answer. Repeat if necessary.

Say "Good-by." When you have finished talking, say "Good-by" and replace the receiver gently. This will disconnect you. Your "Good-by" definitely closes the conversation, and quiet replacement of the receiver avoids giving the unpleasant impression of slamming a door.

FEDERAL TAX APPLICABLE TO LOCAL SERVICE AND EQUIPMENT

The following outlines briefly the taxes applicable to local service and equipment.

Six percent of the monthly charges for Local Service and Equipment.

Six percent of Deficit, if any, in Guarantee for Coin Telephone Service.

Service Connection, Move, Substitution, Installation Charges, etc., are not taxable.

Additional information can be secured by calling the Business Office, Telephone Company.

LOCAL DIRECTORIES

It is important to your service that you call the correct number. For this reason, every customer is given a directory in which all

customers in the local service area are listed.

When you get a new directory, please check your own listing and, if it is incorrect, notify our Business Office at once so that we may change our records and protect your service. Although every precaution is taken to secure accuracy, the Company assumes no liability for damages arising from errors or omissions in making up or printing its directories.

All directories are the property of the Indiana Bell Telephone Company and the Company does not authorize the use of any binder, or the circulation of supplementary directories. When your directory becomes lost or mutilated, please ask our Business Office to replace it.

DIRECTORIES OF OTHER CITIES

You may obtain directories of cities in the United States and other countries practically at cost. Ask our Business Office for prices and other information.

DIRECTORY ADVERTISING

Information concerning space and additional listings in this directory will be furnished upon request to the Business Office.

TELEGRAMS BY TELEPHONE

You may telephone telegrams, cablegrams or radiograms to the Postal Telegraph-Cable Company or the Western Union Telegraph Company. The telegraph charges will appear on your monthly telephone bill.

You may also telephone your telegrams from public and semi-public coin box telephones and deposit the charges for such messages in the coin box.

Long Distance Service

STATION TO STATION CALLS (From One Telephone to Another)

A station to station call is one on which you will talk with anyone who answers the telephone in the distant place.

The charge for a station to station call begins when the called telephone or private switchboard answers.

To place a station to station call, give the operator —

FIRST — The name of the distant place.

SECOND—The telephone number wanted (if known), otherwise, the name and address of the telephone wanted. For example: Any one at John Doe's Residence, 425 Main Street.

THIRD — Your own number when the operator asks for it.

FEATURES OF STATION TO STATION CALLS

1. Faster service is possible and rates are lower than on person to person calls.
2. There is no report charge except on certain collect calls.
3. The rate is further reduced every night from 7:00 P.M. to 4:30 A.M. and all day Sunday, if the initial day station-to-station rate exceeds 35 cents. The time of day at the originating point when conversation starts determines whether the day or night rate applies.

4. Charges may be reversed without any change in rate when the rate is 25 cents or more. A slight additional charge is made when the initial rate is less than 25 cents.

PERSON TO PERSON CALLS
(From One Person to Another)

A person to person call is one on which you want to talk with a particular person; or with a particular department reached through a private switchboard; or with a hotel room.

The charge is slightly more than on a station to station call and begins when you reach the person, extension telephone or department you want. On uncompleted calls where the particular telephone or private switchboard is reached, but not the desired person or extension, a small report charge is made, except that generally no report charge applies to points beyond the State of Indiana.

To place a person to person call, give the operator —

FIRST — The name of the distant place.

SECOND—The person or department wanted and also the telephone number and extension number if you know them. If you do not know the telephone number, give name and address under which it is listed. For example: Mr. John Doe at his residence or Mr. John Doe at Read's Department Store, 425 Main Street.

THIRD — Your own telephone number when the operator asks for it.

The rate on a person to person call is reduced every night from 7:00 P.M. to 4:30 A.M. and all day Sunday if the initial day rate exceeds 50 cents.

COLLECT CALLS

If the charges on the call you are placing are to be paid at the distant telephone, tell the operator when filing the call that it is a "collect" call. The charges, if accepted at the distant telephone, will be billed to that telephone. If the charges are not accepted at the distant telephone and the call is not completed you will be billed with the report charge, except that generally no report charge applies to points beyond the State of Indiana.

For further information regarding classes of long distance service and rates — call "Long Distance."

OVERSEAS TELEPHONE SERVICE

From your telephone you may call approximately 73 foreign countries and a number of ships at sea. Complete information and rates may be obtained and calls may be placed by calling "Long Distance."
